

Art. Nr. **1700239** (1090.016)

Piston compressor AMEX FT 7.5 / 810 / 270

2 speeds - stationary - 810 L/min - 270 L

Description

Détails

best power transmission by double trapezoidal belt drive
optional with star-triangle device for smooth working
2-speeds industrial aggregate
air flow rate up to 810 L/min
Air tank 270 L CE- tested
Special anti-corrosion treatment of tank internally and externally
Pressure Switch Condor
Adjustable pressure
Special quality cast-iron cylinder for increased longevity
Thermic surcharge protection - motor overheat prevention
2 wheels with inflatable tires
2 directing rollers forward with brake
completely automatic service

accessories

- Condor Pressure switch
- gauge showing tank pressure
- safety valve
- water evacuation valve
- 1 pce fast clip for air

Data

maximal flow	810 l/min
tank capacity	270 L
maximal pressure	11 Bar
pistons	2
motor	5.5 kW
electy supply	400 V
fuse protection	32 A
motorisation	direct 1520x590x1150mm
dimensions	215 kg
weight	2 years
warranty
